## UNIQUE SELLING POINTS\*

- **TelstraOne Experience** - provides "one-click" access to the applications and services you regularly use on your mobile. You can even personalise your mobile phone giving you a quicker way to access what you want.
- **Let your friends light it up** - Give your best friends their own, unique pulsating light effects. When a call from one of them comes in, you'll know who it is in a flash.
- **Glamour and magic** – The lustrous colours of the T707 add some extra glamour to your life. And there's magic too, by a simple wave of your hand you can silence incoming calls or snooze your alarm.
