Touch Wiz 3.0 UI

- Lets you customize up to 7 home screens
- Advanced interactive widgets enhance your mobile experience

Swype™ & Write & Go

- Text at 'Hyperspeed' with Swype technology by just sliding your finger across the letters.
- 'Write&Go' feature allows you to select a pre-written text and choose to send it later by SNS, SMS, MMS, email, calendar or memo!

Applications*

- Gmail & Gtalk
- YouTube
- Voice Search

Android Market *

- Thousands of Apps to choose from – some paid, some free
- Download easily straight from handset

ALLSHARE™ via DLNA

- Wirelessly connect your handset to multiple devices
- Stream videos, photos and music between devices

Layer Augmented Reality Browser*

- Will pin point selected POI's on your screen when you hold your handset up to your desired location
- Gives you detailed information about local POI's in your area

Navigation*

- Telstra turn by turn navigation solution is Sensis Navigator
- Google Maps
